PLAZA WORK AT ROCHESTER AND DOVER TOLLS
NEW CONCRETE BUMPERS FOR TOLLBOOTH PROTECTION

The New Hampshire Department of Transportation announces work is scheduled to begin on Wednesday, December 15, 2004 on the installation of four new concrete toll island bumpers for tollbooth protection at the Rochester and Dover Toll Plazas.

This work will begin in Rochester and will finish in Dover, and is expected to take four to six weeks to complete. The affected lanes will be Lane 4 (northbound and southbound) at the Rochester Toll Plaza and Lane 5 (northbound and southbound) at the Dover Toll Plaza. The lanes where the work is underway will be closed to traffic between 9:00 am and 3:00 pm.

NES Traffic Safety, of Avon, Massachusetts, is the contractor for the project.
